

# Know anyone who wants to get rid of a limiting Phobia ? **Fresher's Fair Special!**

MAX specialise in helping individuals successfully handle their challenges in life and have had the pleasure of delivering assertiveness and confidence boosting training for students at South Leicestershire College. We will be showing the effect of our interventions and answering any questions about our emPowering range of courses and workshops at the college but this year Mark Wingfield of MAX will also be demonstrating the fantastic Havening Techniques® or HT.

If you know where your phobia came from and are prepared to talk about it in public, Mark will reduce it on the day of the Fresher's Fair or get rid of it within ten minutes (and for eternity – it won't come back) for just £10. Click the QR code for videos on our website and further information.

HT is very powerful and takes away quickly and permanently the emotional distress associated with prior events. Highly effective for PTSD and trauma – and also brilliant for the eradication of phobias, another form of trauma.

email [confidence@maxconflictmanagement.com](mailto:confidence@maxconflictmanagement.com) to book a 10 minute slot on the day of the fair
